Sir,

Adverting to your letter No. 107 dated 2nd May 87 I have the honor to transmit a statement showing the disposal of the Imam Village advertised for sale on 3rd May 1887 for arrears of Government demand and to solicit early notice on the proposals therein made.

2. This the enclosed statement was written, the Justices of Peace Alexander, Trinidad, appeared before me today and presented a petition objecting the Enhanced gate and imposed upon them after the sale, and pleading inability to pay the rent and obligation thereto imposed. Should the Imam Settlement took place in 87 and the

title

title deed granted which is enclosed for information / is stated 7th October 57. yet the title deed purports to be of an earlier in application to the guarantee contained in Chief Commissioner Circular No 202 dated 13th February 1874. I have noted this inconsistency in a number of other Villages settled by the Inam Department long before the 7th October 1872, and brought it to the Chief Commissioner's notice in my letter No 33 dated 31st April last.

3. As regards the Village in question the garidgeni imposed in October 1871 has been revised and enhanced as follows.

Contract garidgeni as per Title deed of 57	Rs 320
Additional garidgeni as per Revised garidgeni register	Rs 47
Total	367

and as matters now stand the Inamdars are liable to pay the enhanced garidgeni of Rupees 367 per annum as well as Rupees 55-3-5 being the Local fund cess

Circle on the entire survey exhibited by the Village and Surplus for the Irrigation Circle on the survey exhibited of the left bank.

4. With regards the issue of the Commissioners for the remission of the Court and Irrigation Circle I have already recommended the remission to them of Surplus 5, — 2, — in my Letter No 3 dated 8th May, 1880. In addition to this I today opened the Commissioners time till next sitting Court for the arrears of Rates and Cesses and called upon them immediately to pay these for Municipality and Cemetery. They refuse to pay this and therefore I do not see my way to help them in any way.

Read:—

Letter from the Dy Comr of the Tinnevelly District No 144 of the 8th August, 80, submitting for orders a statement showing the result of the sale of certain Inam Villages held on the 3rd Ultimo for arrears of Govt Revenue.

The Jodidars of Varadanadu have appeared before this office, and have offered to pay up immediately their arrears for all the years excepting the last Fasli & the cesses imposed since the Survey, the collection of which they desire to be postponed till the settlement of their representation on the subject. This request may be complied with.

2 None of the Vattidars of Varadanadu have appeared and offered to pay up Rs 144-0-0 of the arrears due

on their 3 3/4 Vritties,
I represent their inability
to buy the 3 Vritties
for the full amount of
the arrears due on them
& pay the amount at once.
They offer to take these
Vritties for the amount
of the arrears if permitted
to pay 1/4 th of ~~the~~ purchase money
at once, the remainder due 3 half
yearly instalments, paying
the Current year's Jodi
on all the Vritties requiring
according to Khisti. This
request may also be com-
plied with, as it will
be hard to make the
Vrittidars who have given
no default of their own
to suffer for their fathers.

3. The Jodidars of
Sukhanandalle appear
to have already paid
Rs. 38-54 and they
now offer to pay another

100 Rs at once and the remaining Rs 203/ by the end of the current official year, considering that the arrears have accrued during the famine, on account for which no remissions were allowed in many villages, & as the Judicial have used their best efforts to pay up portions of the arrears, the request may also be complied with.

4. Similar consideration may be shown in regard to any of the other villages under notice, which have some of the settlement pay up their arrears & offer to take up other settlements also, paying a portion of the purchase money immediately and the remainder by instalments,

2ndly, where the Jodidars have already paid up portions of the arrears are prepared to pay the remainder by reasonable instalments, paying a portion at once. But where the Jodidars have allowed the whole amount of the Jodi for one or more years to remain unliquidated, and no bids equal to the amount of the arrears are received, there is no other alternative left than to resume the Village. Which owing to the peculiar circumstances of the Famine, every reasonable consideration ~~read~~ should be shewn, the Jodidars must be kept strictly to their engagements in other respects, in order that the leniency now

Sheen may not be misinterpreted or in any way relaxing the strict enforcement of the Government demand in future.

5. The deputy Commissioner is requested to submit revised proposals in regard to the several villages included in his list with reference to the foregoing observations.

Tinnevelly District
Deputy Commissioner's Office
Tinnevelly, 3rd September 1880

No: 207

To,

The Secretary to the
Chief Commissioner of Ceylon
Revenue Department

Sir,

I have the honor to acknowledge the receipt of the Chief Commissioner's Proceedings No: 3050/555 dated 23rd ultimo giving orders about the Cranganellagers of Tocahully and Lakumanahully in the Chief Kanagaikanahalli Talaik and Vadamahully in the Tinnevelly Talaik. I have made the needful arrangements to carry out the Chief Commissioner's instructions as regards Vadamahully, and as regards the other two Villages I beg to report certain additional circumstances and ask for further instructions.

2. With regard to the Tocahully Village, the Chief Commissioner has been pleased to grant the prayer of some of the Proprietors, who offered to pay immediately the arrears upon their Fields and to purchase the

other

other Trustees for the area on them, paying the purchase money in four instalments &c. The three Trustees, who made this offer, hold 3¾ Trusties and of a total of 9½ Trusties into which the Village is divided. Besides these three persons, another enjoying one Trust has already appeared before me and made a similar offer, and it is likely that several more of the remaining Trustees will come forward to agree to a similar arrangement. The fact is that till the last moment there was a combination among the whole body of the Trustees under which they had agreed not to bid, but when some of them withdrew from the others and bid to purchase the Village for themselves, all of them except the 2 or 3 who are not in this District will readily come forward to save their own Trusties from their co-Trustees. I have accordingly called upon the whole of the remaining Trustees individually to state whether any of them would sincerely from their own <u>area</u> <u>in full</u> and agree to join in purchasing

the defaulters Cities for the arrears on them and paying the purchase money in four instalments. I deal this with the written Consent of the three persons who had petitioned the Civil Commissioner, and I expect that the holders of at least 6 of the total 9 Cities will pay their own arrears and consent to pay the rates three Cities for the arrears on them. But the owners of the three Cities thus disposed of will be enabled to complain hereafter that their property has been disposed of not under a legal process of sale but by a private arrangement made behind their back. Such a complaint would be legitimate and it is perhaps as well to give no ground for it either in again putting up the Cities for sale under a new Advertisement or by assuming the whole Village and regranting it to the Petitioners who pay. It is only in either of these ways that the defaulting Petitioners can be effectually excluded.

3. As regards the Parramenkunty Village I beg to submit that ~~it~~ the arrears due upon it can readily be recovered without any hardship. The original recommendation as regards this Village was only that it should be realized, and I expected to be able to collect the entire arrears upon it before the time to be fixed for the re sale. The two persons, who appeared before you, were the Agents, Parramatta and Peter Chuti, and any postponement granted would be only a help to them as well as to that object, for these three persons have collected the greater part of the revenue and misappropriated the same to their own use. They on the one hand satisfy the Petitioners with the assurance that out of the money collected by them they would meet the Government demand when it became necessary to meet it, and on the other hand they clamour to the Government for (4) remissions and postponements which can benefit only themselves and not the

whole body of the Petitioners - I submit for the Civil Commissioners information a statement given before me by one of the objectors - Nancy - Sammajois and it will be seen therefrom that the entire balance can be readily recovered without resorting to selling the Village, and I accordingly request that the orders issued as regards the Village may be cancelled.

4. With reference to paras 4 and 5 of the proceedings under acknowledgment I beg to state that out of the 5 Villages advertised for sale on 3rd May last the only Village the holders of which came to any reasonable terms for the payment of the arrears was Karenhalli I did not sell it and agreed to give them time and made a recommendation to that effect in the statement submitted with my letter No: 149 dated 5th August 1870. The other Villages were put up for sale and knocked down to Government, because the owners either failed to appear or appearing failed

failed to come to any reasonable terms.
Even then I intimated to those, who were
present, that I was open to receive any
reasonable proposals which upon consid=
=eration they may make to me within
the one month allowed for confirmation
of sale. I waited much longer than I
had promised; I waited for more than
two months, but no one came forward to
pay a part immediately and accept
reasonable time for payment of the
remainder. The Indian-born people,
who did not think it worth their while
to appear at the time of sale, sent a
petition on the 10th June 1880 and I
sent them a written reply on the 24th
Idem requiring immediate
payment of the arrears for the two
good years Babudanija and Pramadi,
and promising them time for the
payment of the balance of the two
famine years. They took no further
action in the matter. The Karnam Lingi,
Village

Villages appeared before me just as I was submitting my letter No: 149 dated 5th August and even at that late stage I submitted a special recommendation regarding them. About a fortnight later the Kenayatannually people appeared before me and came to a reasonable arrangement and I made their case the subject of a special recommendation to the Chief Commissioner in my subsequent letter No: 170 of the 18th August 1880. From it will be seen that in the case of every Village the Kolers of which showed their willingness to come to any reasonable terms, I have invariably been ready to help them. But in the case of the other Villages the more of which are either indifferent as to what happened or have no faith in the intention of the Government to collect its revenue, I could see no way of helping them.

5. Out of the 8 Villages in question a

a Statement showing has already been submitted for the sanctionment of the arrears on Karambuly, Korakuly, Lakkamanaikuly and Viraloramaikuly may be dealt with in accordance with the Chief Commissioner's Proceedings under acknowledgment and the recommendations made in paras 2 and 3 of this letter. Veeramangattanaikuly has been disposed of in Chief Commissioner's Proceedings No: 2098/563 dated 25th Ultimo.

There remain three other villages, namely -

I. Kadhirumalai, Tamil Taluk.

II. Koundapalli
III. Pudhiamadra } Chickkanayakanakalli Taluk.

As regards these villages the concession of payment by very moderate instalments had been already referred offered and virtually refused and the Pudhiamadra who were willing to pay their own arrears had also been

3/ (50

been given the fullest opportunity to purchase the remainder, but they had not been offered the concession of paying the purchase money by instalments and as this concession can be effectually carried out only at a resale, I have included these villages in the Notification submitted with my c/o: 2 & 6 dated 21st August for sale on 5th October, 1910. In this Notification the term for payment of the purchase money has accordingly been altered and left to my discretion.

As the entire Villages are resigned, the Villages may perhaps be resumed & the arrears remitted, instead of selling them.
